General information

Article number : 1PX22390 SCX.design K07 electric wine set

Description : Enjoy a perfect blend of wine and technology with this all-in-one electric wine set. The included foil cutter fits neatly over the bottle neck for a clean, effortless cut. The fully automatic corkscrew removes the cork in seconds and stops automatically once extraction is complete, while a second button gently releases the cork. The set also features a pourer with a built-in aerator to enhance the wine's flavour as you serve. To preserve your wine, use the vacuum stopper to remove air and maintain freshness – simply insert it firmly into the bottle and pump until resistance is felt. Before first use, fully charge the base for 12 hours. Can be customised with laser engraving with a metallic effect. Delivered in a recycled cardboard gift box. Stainless Steel.

Brand : SCX.design

Material : Stainless Steel

Colour : Solid black

Length : 13,00 cm

Width : 20,00 cm

Height : 10,00 cm
