General information

Article number : 19538304 Alps 200 ml insulated mug with carabiner

Description : Whether while camping, glamping or on a trekking trip, the Alps 200 ml insulated mug is a great companion during any outdoor activity. The ear handle of the mug is a carabiner and thus easy to attach to almost any backpack. The stainless steel material makes the Alps mug easy to clean and highly resistant to corrosion. Thanks to the double-walled design, hot drinks stay hot a little longer than they would in a regular mug. There are several options for placing a logo, making this mug look even more striking than it already does. Stainless Steel. Packaging: FSC Mix 100% P5 CU-COC-877277.
